

AFRICA SAFARI
LAKE MANYARA
Tanzania Safari Lodges

Relax in African style

Africa Safari Lake Manyara is located between the foothills of Ngorongoro Crater and Lake Manyara, however far more distinguished is its position that could easily be mistaken for being right in the middle of the National Park. The accommodation site is a safari in and of itself with various room types scattered throughout the diverse grounds. The Luxury accommodations can be reached by walking through subtle bushland to reach one's very own private 'safari cabin' complete with hammock, raised wooden deck, living room and beautifully rustic interior. The premium bungalows share the same view as the restaurant/bar & dining area and you couldn't find yourself in closer proximity to wildlife.

Location

Located in Mto wa Mbu, north of Lake Manyara

Africa Safari Lake Manyara is located on the shores of Lake Manyara, near the lively village Mto wa Mbu and the Lake Manyara airstrip. A location ideal to explore Lake Manyara and Tarangire National Parks and/or Ngorongoro crater. Also perfect as a stopover on your way to Serengeti National Park.
