Relax in African style

Africa Safari Lake Natron is a luxury safari lodge, giving access to the Northern Circuit national parks and conservation areas. Its idyllic location close to the shores of the sometimes striking red waters of the mineral-rich 'soda' lake sets the very tone for the accommodation base. The grounds are spacious and home to a variety of accommodation options, from basic Bell tents to the ultimate in Glamping Luxury. The on-site swimming pool is embedded in the surrounding landscape and comes complete with stunning views of neighbouring Mount Ol Doinyo Lengai, a still-active volcano.

Location

Along the shores of Lake Natron

By road there are various options leading to the accommodation; through the Serengeti exiting Klein's Gate or from Arusha via Longido or Kigongoni are the most common ones. By air, a private charter flight can be arranged on request.
