

# Africa Safari Maasai Boma

## Relaxing in African style

Africa Safari Maasai Boma is a unique accommodation. Not only because of its ideal location, with Kenya's Maasai Mara in the background and situated between Lake Natron to the east, Serengeti National Park to the west and Ngorongoro to the south, making a round trip truly a round trip, but also because of its construction. As the name suggests, the accommodation is inspired by a traditional Maasai boma. Look around and you will understand why; you are in their midst. The round mud houses with thatched roofs are simple and solid, yet comfortable. A spacious bedroom, decorated with traditional Maasai objects and bead work, is furnished with one kingsize and one single bed, and an ensuite

bathroom equipped with toilet and shower facilities to European standards. The nearby village is called Ololosokwan. Africa Safari Maasai Boma is just 15 minutes from Serengeti's Klein's Gate. Game drives to the famous river crossings where the Great Migration takes place are possible. Meanwhile, the Pololeti Game Reserve has also proved to be a hidden wildlife treasure. Game drives here are of unparalleled quality. Accompanied by a ranger, night game drives and bush walks can also be done in this area.

## Pololeti Game Reserve

The new Pololeti Game Reserve, is part of the Loliondo Game Controlled Area, now operating under the NCAA (Ngorongoro Conservation Area Authority), an important area for breeding wildebeest, and a corridor for the animals coming from the Serengeti NP.

Because wildlife knows no boundaries, you will find a wide variety of animals in the game reserve, such as hunting lions, roaming elephants, grazing buffalo, running antelope and more.

# SERENGETI NATIONAL PARK

A short 15-minute drive will take you to one of Africa's most famous national parks. With vast open plains and an abundance of wildlife as far as the eye can see, the Serengeti is a safarimaker's dreamland. Because the park is so vast, it is advisable to spend several days exploring. Serengeti National Park stretches over 14,763 square kilometres and is easily the largest and perhaps the most popular of the Northern Circuit's National Parks.

The Serengeti is host to the Great Wildebeest Migration, when some six million hooves walk across the open plains, as more than 200,000 zebras and 300,000 Thomson's gazelles accompany the wildebeest on their journey to fresh grass. The locations where the wildebeest cross the river are easily accessible from Africa Safari Maasai Boma. Buffaloes, elephants, giraffes, lions, cheetahs, hippos and hyena are also frequently seen in the Serengeti.

## Activities

### EXCELLENT GAME DRIVES

The Pololeti Game Reserve, adjacent to Serengeti National Park, is teeming with wildlife all year round. Your guide will bring you as close as possible to your favourite animal, as responsible off-road driving is allowed. Changes in scenery will also bring other wildlife in front of your camera. A meal in the middle of the bush, or a drink at sunset on a hill with a beautiful view, make your day complete.

### SUNDOWNER WALK WITH THE MAASAI

From the lodge, you will explore the area with our very knowledgeable Maasai guide. He will entertain you with fun facts. Afterwards, you can relax with a well-deserved drink on top of the hill behind the camp.

### NIGHT GAME DRIVE

Take the opportunity to explore the area at night. It is a great feeling to be in this remote and pristine area in the dark. The sounds of all the different animals, the glowing eyes of the nocturnal animals, and the exciting encounter with wildlife at night make it magical. Look out for the Genet cat, Aardvark, Mongoose, Serval, Bushbaby and with a little luck... a Leopard!

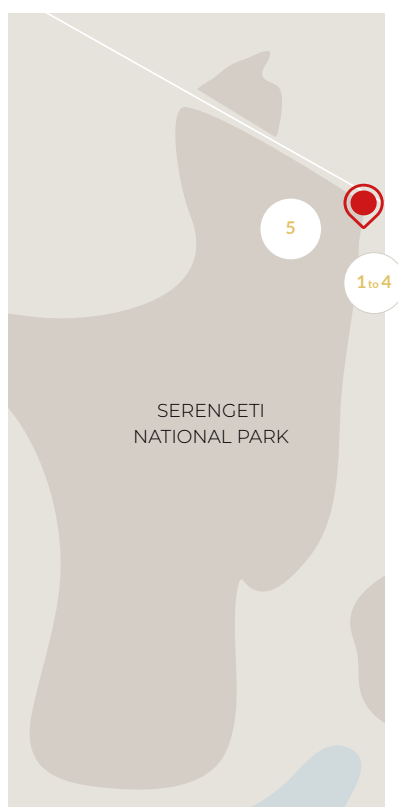

## GUIDED BUSHWALK, ENDING WITH A SUNDOWNER DRINK WITH A VIEW

- Together with a ranger and guide, you can explore the African bush. It is the perfect opportunity to look for the little things, identify and track footprints, examine the droppings of different animals, find interesting insects, observe the abundance of birds, talk about plants and consider the ecosystem. It is also just nice to stretch your legs after many hours in the safari car.

## COMBI BUSHWALK, SUNDOWNER AND NIGHT GAME DRIVE

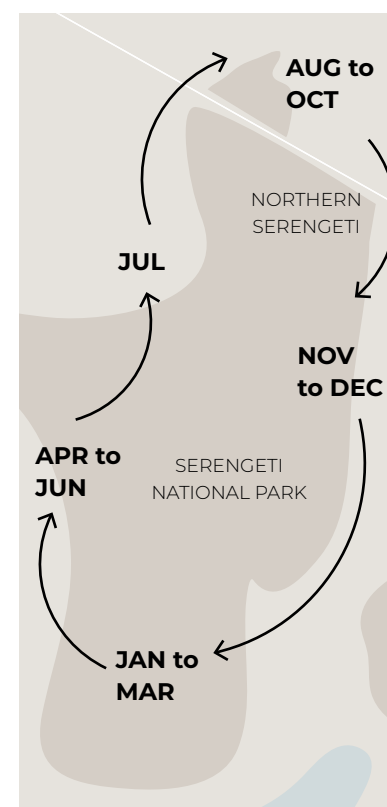

- Combine two activities, and explore the area with two complete different experiences, walk at day-time, drive at night-time.

## GAME DRIVE NORTH SERENGETI-MARA RIVER AREA

- At the right time of year, see the map below, you can witness the most amazing wildlife spectacle in Africa at the Mara River. The Mara River is best known for the legendary wildebeest crossing, a dramatic event seen in countless wildlife documentaries.

One of Tanzania's best-kept secrets is the fact that almost half of the Mara River is in the northern Serengeti, versus the Maasai Mara's segment in Kenya. Of course, during the other months, the variety and numbers of animals on the plains remain astonishing.

# Safari Jeep

A 4WD safari vehicle with a pop-up roof for hire on request, including driver and fuel. Your driver guide is very knowledgeable and will make sure to give you as much time as you need to ask questions, take pictures and enjoy the incredible landscape.

## DEVELOPMENTS

All main roads in the area are now maintained by TanRoads. Between Mto wa Mbu (Lake Manyara) and Klein's Gate, there are plans to build a full tarmac road to make travel for Tanzanians and tourists more comfortable (almost 50 km has already been completed). TANESCO (Tanzania's electricity company) is also working on improving the electricity network, by constructing power lines between the 2 destinations.
