Flying in over the Serengeti provides an aerial sneak-peek of the adventure that awaits below.

From Zanzibar, flying in over the Serengeti provides an aerial sneak-peek of the adventure that awaits below. With clear skies, you will be able to take delight in spotting some of the Serengeti resident wildlife as your plane descends for a landing on the Seronera airstrip. On arrival, you transfer into your safari jeep and begin exploring the Serengeti surroundings, before enjoying a sundowner at your home away from home in the wilderness – Africa Safari Serengeti Ikoma. With over 14,000 square kilometres making up the Serengeti, you may not get the chance to see the national park in its entirety, but any of these itineraries will allow you the opportunity to cover some serious terrain and see the park in great depth. From Seronera airstrip you can either fly back to Arusha straight or to Zanzibar.

### Trip summary day by day

- 1 **Let's go on a safari!**  
 Early morning, the transfer car will pick you up at your hotel, to bring you to Zanzibar Airport. During a 1,5-hour flight departing from Zanzibar Airport, you will fly overhead the Indian Ocean, the hinterland of Tanzania, the Ngorongoro Crater Highlands and the vast expanse of the Serengeti before making your descent to Seronera Airstrip. The views from above are undeniably magnificent. Within half an hour of disembarkation of the aircraft, you will be in a 4x4 safari vehicle with a pop-up roof, ready to take all in that Serengeti has on display for you. Around midday, there will be a picnic stop for lunch and a leg stretch, and off you go again. Late afternoon you are brought back to the airstrip for your flight to Zanzibar Airport, from where the transfer car will collect you to bring you back to the hotel. Make sure you bring your camera because the animals will be all around you!
